Timothy J. Mullin : Testing the War Weapons: Rifles and Light Machine Guns from Around the World before purchasing it in order to gage whether or not it would be worth my time, and all praised Testing the War Weapons: Rifles and Light Machine Guns from Around the World:

3 of 4 people found the following review helpful. A must for the shooter / collector
By AlchemistGeorge
If you like to !shoot! rifles and want to buy military surplus rifles, this is the book for you. The author covers very practical details - are the sights easy to use, is it well balanced, what is the minimum range on the sights. You might be tempted to buy a wonderful WWI rifle only to discover the minimum distance on the sights is 400 yards!
This is not a 'for collectors only' book with details about how to interpret the serial numbers or the three different types of sling swivels, this is about how they feel to shoot.
Very helpful for the shooter / collector - those with Curios Relics licenses, or for those shooters who wonder what it was like for soldiers in a particular time period with regard to the weapons they were

issued.6 of 7 people found the following review helpful. Hands on testing yields some surprisesBy A CustomerMullins tests all the major rifles of WWI, II, Korea, and Vietnam. His rifle skill and military experience combine for a unique insight into weapon performance and what it must have been like to use them in combat0 of 1 people found the following review helpful. Much more than just a picture and short descriptionBy SironsmillReally enjoyable reading about firearms that you may have never seen before. If you have an interest in military firearms this book will definitely scratch that itch.

This encyclopedia of war weapons contains all the critical details about more than 150 of the world's best, worst, most effective and most surprising rifles, sniper rifles and LMGs of the 20th century. The author was an infantry officer in the army, so he knows what to look for in a combat rifle – and so will you after you read this classic reference.

About the AuthorTimothy J. Mullin is a former infantry officer in the U.S. Army and deputy U.S. marshal. He is a life-long gun lover and fervent defender of the Second Amendment. His well-regarded series on combat weapons also includes volumes on handguns and rifles.
