A great addition to any punk enthusiasts' home library! 0 of 0 people found the following review helpful. Five Stars By Sarah A great table book!

Punk rock gave birth to an art movement that was little appreciated at the time but soon became influential around the globe. This is the first book to chronicle the art of punk style, from concert posters and flyers to fanzines and record sleeves, T-shirts, buttons, comic books, and much more.

“Russ Bestley and Alex Ogg contribute a deft introduction, short topical essays and captions. Interviews with familiar pioneers such as John Holmstrom, Jamie Reid, and Malcolm Garrett enrich the contents, along with lesser-known designers like Luk Tam89: this typifies the broader chronological and geographical scope that this edition emphasizes.” - PopMatters.com
