Fascinating History By Christa Mitchell Great history of bakelite and other plastic materials. Would have liked a little more info about the dating of the pieces. By softly It's got some beautiful items, for sure, but I can't imagine it being someone's favorite book. I do like it, however.

Brimming over with over 150 full-page, luscious photographs of superb jewelry, this is a treasure chest of bakelite, celluloid and lucite. Several of today's leading bakelite collectors lent their finest pieces of this book. Layered, carved, molded, translucent, painted and imbedded jewelry styles are displayed in profusion. The captions include the values guide. From common to exceedingly rare, this book presents excitement and the best plastic jewelry to be found.
