if you are an author or company looking for direct contact, please don't hold your breath. Most contact information in this book seems to go to the person's management firm or publicist so the chance of that person actually receiving your request is quite slim due to filtering. I could easily go online and find anyone's management/agent/publicist information. Worse yet, no email contact information. I actually bought this book for the emails info, wanting to send out respectable non-spam type offers to certain singers for a free copy of one of my books. Unfortunately, I misunderstood what type of information was actually in the book. So overall, it's not a bad book for basic info, but I'll need to dig deeper myself to find the correct information that I need so I won't be buying next year's edition. I wanted to give this book a 3.5 rating but couldn't do 1/2 ratings so I figured I'd be nice and round up; 0 of 0 people found the following review helpful. The Celebrity Black Book By Connie Tonsgard I was happy as I saw this man on TV, and it sounded great. I sent stuff to 4 people as they are workers on movies, and I have made three great screenplays and wanted them to read them. Perhaps someone would make a movie. Well, two of them have come back to me. I do not know why. I've very mad about that. I have asked the man who wrote the book if he has the people's address, as two of mine came back and probably the other two will also come back. GRRR. He has not answered yet. If I had written the book, I would answer someone right away. I hope he tells me their exact address. 0 of 0 people found the following review helpful. The Celebrity Black Book Review 2008 By Beverly Badini I purchased The Celebrity Black Book 2008 Deluxe Edition and I must say that I am completely satisfied with the quality of the paper used in bringing this book to fruition. The major disappointment for me is the size of the print. I am elderly and find that I must strain when trying to read the names and addresses of celebrities. I wish the letters were a bit larger. Also, I would like to know if one can purchase a book that contains celebrities from movies and television only? Thank you very much. Beverly Badini
