**Karen Plunkett-Powell : The Nancy Drew Scrapbook: 60 Years of America's Favorite Teenage Sleuth** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Nancy Drew Scrapbook: 60 Years of America's Favorite Teenage Sleuth:

0 of 0 people found the following review helpful. Love This BookBy TeacherBizLadyThank you, Karen Plunkett=Powell for giving me my Nancy Drew fix. I really love this book. I read it over and over to see if there is something I missed in the narrative. I would give it ten stars if I could. All the history of the beginnings of the Nancy Drew novels and the original authorship is fascinating reading to anyone who loves Nancy.0 of 0 people found the following review helpful. Informative Nancy Drew bookBy melissaallheart149Really informative book with information and Nancy Drew memorabilia.0 of 0 people found the following review helpful. Four StarsBy Bohemian

readerI was disappointed that there was not more of the older stories portrayed in this scrapbook.

A celebration of the Nancy Drew series discusses the real authors behind the name Carolyn Keene, the changes in Nancy's dress, behavior, and hair color, Nancy's family, friends, and love interests, and screen adaptations of the series.

From BooklistGreat fun for nostalgic sleuths as well as for today's readers of Nancy Drew. Plunkett-Powell has done her homework on the early publishing history of this internationally known mystery series for children. She writes about the impact of the books as well as their contents. Chapters depicting Nancy's cohorts, her car, and her town demonstrate just how universal Nancy Drew lore is to her fans. A great resource for collectors and fun reading for old or new fans.
