Sure, it lists prices for thousands of autographs, but the "facsimiles" section is a joke. I highly doubt anyone is losing sleep wondering if their "Peggy Moran", "Bill Withers" or "Marjorie Ann Kent" (who?) signatures are authentic or not, yet space is wasted with these names, while more famous, more collectable ones (Garland, Astaire, etc.) are left out. And to top it off, some of these examples are captioned with glaring typos: "Michael Cain", instead of

"Caine", "Kristy MacNichols", instead of "MacNichol". And this guy's an expert? 0 of 0 people found the following review helpful. THANKS! By A Customer This book is exactly what I've been looking for!! It lists the values of names I couldn't find anywhere else, as well as displaying informative data on collecting!!

With over 60,000 values, it's easy to see why the Autograph Collector Price Guide has become the definitive Bible of autograph collecting.
