I feel I was misled into buying with a posting of "new"1 of 1 people found the following review helpful. Seems Complete and Up to DateBy T. ShieldsUseful in my business is some way to value tractors as part of a larger project. This book appears to be fairly complete and therefore has almost every brand found in the country. It was priced right and worthy to buy.0 of 0 people found the following review helpful. Tractor Blue BookBy Kathryn McKannaIs a very handy tool to have when purchasing used equipment. Always depend on it for wise advice. Great price also.

Tractor data and pricing information for many makes and models of farm tractors through 2011. Great for buyers and sellers of farm machinery.
